Hilltop

Hilltop is a unit of fully self contained and well presented flats. The provision offers service users a placement with a high level of care and support.

Hilltop is staffed 24 hours per day. The focus of much of this time is on the development of independent living skills as well as the development of social, educational and/or vocational aspirations.

Positive Living work intensively to develop service users' life skills and independence with the overall aim, wherever possible, to move service users into a community placement provided by Positive Living. This move on process is not time driven but ability driven as we recognise that individuals develop skills according to their own ability.

The distinct advantage of what Positive Living can offer at Hilltop is the opportunity for service users to gain skills in a safe environment whilst moving towards a community placement at the right time and within the same organisation, offering them a continuity of care and support and a seamless transition. By operating this model we can offer service users a pathway to greater independence and Local Authorities the benefit of lower costs and reduced long term liabilities.

Hilltop is well located for all boroughs in the West Midlands, Staffordshire, Worcestershire and Shropshire.
